## Updated Contact Tracing Map

Use the contact tracing map your group created and the Contact Tracing Character Cards to help us understand the spread of the Covid-19 virus. Make additional annotations on this handout to record different patterns you find.

### KEY

Results for the COVID-19 test	
	Character(s) who tested positive
	Character(s) who tested negative
	Character(s) who has not been tested
Characters wearing mask	
	Character(s) who wore no mask or did so incorrectly
	Character(s) who wore mask correctly
Interactions between characters	
	Interactions with social distancing
	Interactions with NO social distancing
Connection to Contact Tracing activity	
	The first character who tested positive for the COVID-19 virus
	Updated information on characters who have now been reached
	Essential worker
